The San Diego Festival of Science and Engineering is buzzing with excitement as we introduce our brand-new College and Career Connections Pavilion. We aim to foster awareness and create meaningful connections for local high school and middle school students with our exceptional higher education and industry partners. Visit our new Pavilion from 11:00 AM - 5:00 PM to meet over 20+ education and industry partners who are excited to meet you.

Below are a few of the institutions in attendance. We can't wait to see you at the Festival!

San Diego State University • Cal State University San Marcos
Point Loma Nazarene University • National University
Cuyamaca College • Miramar College • Southwestern College
