5K Paw Walk in the Garden

February 16 | San Diego Botanic Garden

San Diego Botanic Garden is teaming up with Rancho Coastal Humane Society for the seventh annual 5K Paw Walk in the Garden, the one time during the year that pet dogs are allowed in the garden. Both organizations benefit from this event where participants follow a 5K walk through the 37-acre urban oasis. The day's festivities will also feature pet products, food, dog treats, a wealth of information for dog lovers, and (of course) dogs and puppies to interact with — and some to adopt. sdbgarden.org
